Petite Equestrian Program

Participants will learn safety on and around the ponies, grooming techniques, basic riding skills, and other primary horsemanship skills. While this is not a Horse-back Riding lesson per say, the program includes an

exciting riding component whereas each child will get to ride about 20 minutes and learn how to properly mount, dismount, hold the reins and control the horse/pony at the walk and a few steps of trot. Sessions aim to help develop confidence and motor-coordination skills while providing a supportive, fun, non-threatening environment for the participants as well as social interaction among them. This is a participatory program for parents who so desire so one may be asked to occasionally lend a hand.

Some of the horsemanship matters covered may include: *Safety on and around horses, Basic Anatomy, Equine Senses & Body Language, Grooming, The Tack and Harness, Driving the Miniature Horse, English and Western styles, Barn Management and Careers in the Industry.* Participants also get to ride or drive their charges for about 20 minutes during each Session.
