

WATER METER REPLACEMENT PROGRAM

Beginning Monday, June 1st, the Meter Replacement Program will resume. Customers who did not have their meter replaced prior to the COVID-19 pandemic will be receiving a new letter in the mail from In Line Services, Inc. The letter will provide a PIN number to schedule an appointment at either <http://ilsmeter.com/> or by calling 1-800-557-3088.

Also included in the letter will be a notice outlining COVID-19 safety procedures to be followed before and during the water meter replacement appointment.

If residents do not wish to wait for the letter and would like to schedule an appointment, InLine Services, Inc. will be ready to take appointments by phone beginning June 1st at 1-800-557-3088.

All In Line Services, Inc. employees will have a photo ID badge and drive clearly marked company vehicles. Please do not allow any technician into your home without presenting a company photo ID and driving a clearly marked vehicle.

For questions or concerns, please call the Water Department at 732-247-0922 Ext. 458.

Respectfully,

A handwritten signature in blue ink that reads 'Francis Womack III'. The signature is written in a cursive style.

Mayor Francis Womack, III
